MC-2344

Name	: MS AYSHATH MUSHREEFA	Age	: 24 Yr(s) Sex: Male
Registration No	: RH1058480	Lab No	: 85210910112
Patient Episode	: R70002151752	Collection Date	: 19 Dec 2021 12:27
Referred By	: DR HAROON H	Reporting Date	: 19 Dec 2021 16:33
Receiving Date	: 19 Dec 2021 12:44		

MICROBIOLOGY

SARS - CoV2 TEST

SRF-ID : 2953401868824
 Lab No : 7M6588
 Specimen: Nasopharyngeal swab/ oropharyngeal swab

Result SARS- COV2 RNA NOT DETECTED

Method: Real Time Reverse transcriptase RNA PCR for SARS COV 2

Reported By: Dr. ETHEL SUMAN

Note: The results relate only to the specimens tested and should be correlated with clinical findings.

Interpretation guidance:-

- . Testing of referred clinical specimens was considered on the basis of request/referral received from/through State Surveillance Officer (SSO) of concerned State Integrated Disease Surveillance Programme (IDSP) any other health care facility affirming requirements of the case definition/s.
- . The Test is a Real Time Reverse transcriptase RNA PCR assay for qualitative detection of nucleic acids of SARS COV 2
- . A single negative test result, particularly if this is from an upper respiratory tract specimen, does not exclude infection due to improper sample collection, or inadequate sample.
- . A Positive test result is indicative of presence of SARS COV 2 RNA
- . Please note that these results are not to be used for any thesis or presentations or for Publication in any Journal without the prior permission of the Director General, ICMR
